

# Marketing and Public Policy Conference

Join your conference co-hosts in an event for your senses on Friday, May 21<sup>st</sup>

**“A Taste of Sustainable Colorado”** will kick-off with a **complimentary Colorado wine and beer tasting** from 5:30-7:00 in the beautiful Augusta room of the conference hotel (Westin Tabor Center). The tasting will feature Colorado wineries and breweries engaged in progressive sustainable business practices. Join your colleagues for camaraderie, fun, and door prizes while tasting the best wines and beers produced in the state!

**Dinner will follow** the beer and wine tasting at **the award winning 1515 Restaurant**. 1515 was chosen for its relaxed and refined atmosphere, eclectic Colorado cuisine, and continued focus on the finest and freshest local organic ingredients. 1515 Restaurant is a founding member of Greener DINR, a local partnership of independent restaurants concentrating on the promotion and implementation of sustainable practices within the food industry. Only a few blocks from the conference hotel, the restaurant is in the popular and bustling Denver “LoDo” neighborhood.

Gene Tang, owner of 1515 restaurant, has prepared a fabulous pre-fixe menu for our group. Dinner will include a fresh salad from the restaurant’s own garden, a choice of several entrees (fish, beef or vegetarian), dessert, and a glass of wine, beer or a well drink. We were able to negotiate a significantly discounted rate per person at only \$40, which includes tax and gratuity. To ease the transaction, we ask that you pay the \$40 in cash at the restaurant. **Please take a quick moment to RSVP for dinner by going to [http://biz.colostate.edu/mppc/\\_layouts/forms/tastecolo.aspx](http://biz.colostate.edu/mppc/_layouts/forms/tastecolo.aspx)**
